General Information:

The municipality is located in the North-west part of Croatia, between the rivers Sava and Sutla, near the border with Slovenia. It is a part of wider metropolitan area of the capital City Zagreb. The municipality has 12500 inhabitants and was established in 1995. It has two elementary schools, firebrigade and other necessary institutions for good living.

The municipality celebrates its municipal day on July 15th – the name day of Saint Vid, patron saint of the municipality.

Opportunities: As a part of metropolitan area of Zagreb, municipality of Brdovec has several significant comparative advantages:

- excellent traffic connections (important transit ways, state border crossing with EU, railway, international airport 20 km away),
- high degree of landscape conservation,
- demographic increase (with large number of educated and professional staff),
- free and suitable premises for construction of economic and tourist capacities,

- natural and cultural resources (two 19th century castles)
- business-enterprise zone "Drenje-Ključ" (22ha).

Preferred themes for twinning:

Business and services (sustainable agriculture, tourism, public-private partnership, new technologies, catering trade and craftsmanship), education (vocational trainings, retraining, life long education) and culture (rational use of architecture heritage).
